

TRANSIT ON THE MOVE

A Major Transit Investment Study For Tucson

Date: May 9, 2007

To: Members and Observers of the Transit on the Move Community Liaison Group (CLG)

From: Shellie Ginn – City of Tucson Department of Transportation Project Manager

Subject: Project Update

Dear Community Liaison Group (CLG) Member,

The following is a brief update on the City of Tucson Major Transit Investment Study. As you recall from our email last month, the revised Locally Preferred Alternative for the Modern Streetcar was unanimously approved by the City of Tucson Mayor and Council on April 4, 2007. Since that time, the project team has been working to complete the Draft Environmental Assessment and begin Advanced Conceptual Engineering.

The Conceptual Plan Set is also being updated and will be the subject of **our next CLG meeting, which is scheduled for June 27, 2007 from 5:30pm - 7:30pm** at the University Services Annex, 220 W. 6th Street (same location as previous meetings). We will be going through the entire plan set and discussing the following:

- Alignment details
- Station locations
- Maintenance and storage facility
- Bus connections
- Bicycle/pedestrian interface

In the meantime, **please RSVP** for the CLG meeting or direct any questions to Joan Beckim or Angela Stith at (520) 624-5656 or email them at information@tucsontransitstudy.com.

Thank you again for your participation in the City of Tucson Major Transit Investment Study.

Shellie Ginn

City of Tucson Department of Transportation Project Manager
