

TRANSIT ON THE MOVE

A Major Transit Investment Study For Tucson

Date: June 13, 2007

To: Members and Observers of the Transit on the Move Community Liaison Group (CLG)

From: Shellie Ginn – City of Tucson Department of Transportation Project Manager

Subject: Project Update

Dear Community Liaison Group (CLG) Member,

The following is a brief update on the City of Tucson Major Transit Investment Study.

CLG Meeting: We will be holding our **next CLG meeting on June 27, 2007** from 5:30pm to 7:30pm at the University Services Annex (USA) West Building, 220 W. 6th Street (same location as previous meetings). **Please RSVP** for the CLG meeting.

Environmental Assessment: We are continuing to work on completing the Draft Environmental Assessment. As part of this effort, technical work related to travel demand forecasting, noise and vibration, traffic, air quality, and visual aesthetics is underway.

Transit Oriented Development (TOD): TOD workshops were held on May 22 (University area) and May 23 (4th Avenue). Input from these meetings will be used to generate future TOD plans for modern streetcar station areas.

Advanced Conceptual Engineering: The conceptual engineering plan set has been updated and will be the subject of our next CLG meeting. We will be going through the entire plan set and discussing the following:

- Alignment details
- Station locations
- Maintenance and storage facility
- Bus connections
- Bicycle/pedestrian interface

In the meantime direct any questions to Joan Beckim or Angela Stith at (520) 624-5656 or email them at information@tucsontransitstudy.com. If you are interested in viewing some streetcar video, the following link www.youtube.com/watch?v=xL7QEQURqq0 has video of the Portland Modern Streetcar and others.

Thank you again for your participation in the City of Tucson Major Transit Investment Study.

Shellie Ginn

City of Tucson Department of Transportation Project Manager
